MAIN STREET

TENNIS TOURNAMENT

AT SHAWNEE MAY 26

E. J. Peters of Shawnee informs the News that on the 26th and 27th of May a two days tennis tournament will be held at Shawnee under the auspices of the Pottawatomie County Tennis Association. The games will be played on the courts of the Shawnee Country club.

He stated that Ada will be represented by two teams and possibly another may go from the normal. Be-

If you Value Your Eyesight, see An Expert Optometrist I have spent 20 years preparing myself to perfect the refraction of the eye. My modern equipment, backed by this long experience is your Guarantee of Satisfaction. A. D. COON, Ramsey's Drug Store, Ada, Okla

sides these and those from various parts of Pottawatomie county, Holdenville, Wewoka, Oklahoma City and other towns will have teams in the contest.

Missouri G. A. R. Encampment

St. Joseph, Mo., May 14—The Department Council of the Missouri Grand Army of the Republic opened its thirty-second annual encampment here today. The gathering will close tomorrow and is arousing considerable interest.

GOVERNOR SIGNS

SEVERAL BILLS

Oklahoma City, May 14—Governor Cruce signed the following bills late Monday afternoon and Tuesday.

House bill No. 114, by Edwards and Mitchell of the house and Franklin of the senate, providing for an appropriation for the boys' training school at Pauls Valley. The emergency clause is attached to the bill.

The committee substitute for house bill by Carr and Wyand, providing for an appropriation for the school for the blind, deaf and orphans (colored) at Taft.

House bill No. 131, by Glasco, consolidated the offices of county clerk, clerk of the county court and register of deeds with the office of district clerk under the title of county clerk and ex-officio register of deeds, and consolidating the office of county treasurer under the title of county treasurer and assessor, and fixing salaries of various offices.

The committee substitute for House Bill No. 37, by Childers of the house and Watrous of the senate, providing for support and maintenance of the institute for the feeble-minded at Enid.

House Bill No. 208, by Hoyt and Rexroat, providing for an appropriation for the payment of firemen's pension and relief claims as provided in article 6, chapter 21, session laws 1909, with the emergency clause attached.

THIS DATE IN HISTORY

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

The Republican leaders are calling on the Bull Moosers to shed their horns and come back in to the fold. However, as they polled about a million more votes at the last election than did the Republicans, it looks like the tail is now trying to wag the dog.

In spite of the millions donated to the cause of peace by Andrew Carnegie and the fierce denunciations of war at the various peace congresses, there is no cessation in the activity of nations in preparing for war. Perhaps better results would have been obtained had Carnegie employed some scientist to find some serum that would drive the war germs out of a man's system, just as John D. employed specialists to drive out the hook worms and discover means of combatting germs of other diseases. Until human nature is changed there will be little improvement.

A KNOCKER

Talk about your knockers, how is this from a socialist paper published in Oklahoma.

"Oklahoma is a good 'poor man's' country! If you are not poor when you get here you will be mighty soon after."

Well, as a matter of fact there is one class we have seen this apply to. It is the set that has nothing to do except stand around the street corner all day long, cursing the government, how they are being robbed and the good times that are coming when the socialists get control of things. If they happen to have a few nickels in their jeans they hand them over to the spicers who tell them that with a few more contributions the cause will be won and the happy era when every man will have a job under the government in which the pay is big and the amount of work nothing.

ADVENTISTS MEET IN

IN GENERAL CONFERENCE

Washington, D. C. May 14—A delegation, forty strong, arrived here today in two special sleeping cars from the headquarters of the Southwestern Union Conference of Seventh-day Adventists in Keene, Texas, to attend the quadrennial session of the General Conference which begins tomorrow and continues until June 8. The delegation, which was headed by Elder George F. Watson, president of the Union, left Keene on Monday, where it was formed, the members having come from various parts of Texas, Arkansas, New Mexico and Oklahoma, which states comprise the Union Conference territory.

WHY PAY RENT?

You can pay for a home on instalments just the same as rent, and own your place in a few years. We can build you a house and sell you the place on easy terms. Beautiful Hayes addition offers the best location in Ada—W. A. Hill, office at Holley's Drug Store.

Let Your Envelopes Talk for Ada

Every letter sent out of Ada CAN be made a potent factor in advertising the town. In fact it SHOULD be.

The News Job Office

has the form to print on the back side of an envelope which tells some great truths about ADA and this community. This envelope has been approved and accepted by many of our leading citizens. You should use it and make your correspondence a puller for Ada.

NEWS OFFICE

MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn."

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity.

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

ADA ELECTRIC & GAS CO. MAKING BIG IMPROVEMENTS

The Ada Electric and Gas Co. is preparing to make some great improvements in its plant and service. A new 300-horsepower Keeler water-tube boiler has been ordered and is expected to arrive almost any day. The foundation for the new boiler is in course of construction at present. On account of the higher pressure this boiler will give, it will be necessary to install a complete new set of steam lines.

A new voltage regulator has been purchased and will be put into service along with the boiler. This regulator auto-matically gauges and regulates auto-matically gauges and regulates steadier service for both lights and power.

This new equipment will almost double the present capacity of the plant and will add greatly to our already splendid service. The company deserves all the patronage it receives and is fair in its dealings with its patrons.

The Boy Scouts will serve ice cream and cake on the lawn at Mrs. Brents' Friday night. Good home-made cake and cream 10 cents. Every one invited.

Do not worry over lost articles—a NEWS WANT AD will find them.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Woman's Greatest Happiness.

One of the most important matters about which women concern themselves is their future status as a grandmother. And she is wise who knows of or learns of that famous remedy, Mother's Friend. This is an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, allays all fear, banishes all pain, is a most grateful encouragement to the young, expectant mother, and permits her to go through the period happily in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and, in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women, hence Mother's Friend is really one of the greatest blessings that could be devised.

This splendid and certain remedy can be had at any drugstore at \$1.00 a bottle, and is sure to prove of inestimable value, not only upon the mother, but upon the health and future of the child. Write to Bradfield Regulator Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

FEE AMUSES MAYOR GAYNOR

Executive of New York City Sympathizes With Young Man Married by Alderman.

New York.—Mayor Gaynor sent this reply to a letter he had received from Kai Brodersen of 200 Fifth avenue, complaining that an alderman who married him had charged \$20 for the service:

"I have received your letter complaining that an alderman on marrying you the day before at his house demanded \$20 of you as his fee, and that you paid him, for the reason that it would have mortified you too much to make a protest in the presence of your bride and other ladies who were present. Of course the alderman committed a great outrage and he no doubt knew that you would pay him sooner than dispute with him openly. He had no right to charge you anything. I receive many letters of a similar kind. My advice to you all is to go to clergymen to be married, and then you will be treated properly. I do not mean to say that all of the aldermen would treat you as this alderman did, but unfortunately some of them would. You say it was all the money you had with you, and that you expected to use it for immediate expenses with your bride. I certainly sympathize with you. If some one had held you up on the street and taken it away from you it would not have been worse. You may sue the alderman to get your money back, but if you do he will no doubt say you made him a voluntary present of the \$20, and—who knows?—the judge may believe him."

It was said at the office of the mayor that the alderman referred to was Ald. James J. Smith, who represents one of the downtown districts. When a copy of the mayor's letter was shown to Mr. Smith, he said: "I don't remember this man. Perhaps I married him and perhaps I didn't. I marry thousands of persons every year and I can't keep them all in mind. Anyway, I never asked any one for a \$20 fee."

HAS COWCATCHER FOR AUTOS

Instead of Catching Animals It Rescues Persons While Traveling at High Speed.

London.—An inventive genius has been giving demonstrations in Regent's park with a contrivance fitted to the front of an automobile, which appears to be an elaboration of the cowcatcher on locomotives, but with the essential difference that it is intended to safeguard the unwary pedestrian, no matter if he happens to get in the way of a car traveling at 20 miles an hour.

The apparatus consists of a bar between the front wheels, covering the entire front of the car, and as soon as this strikes a pedestrian it springs back and a scissor shaped jaw grasps the person struck, under the knees, forces him to sit down in a net, and holds him until released.

A member of the Motor club thus describes what he saw of the test:

"I was walking along the path with a chauffeur, when the man suddenly left me and started to run across the road. A short distance away a motor car was coming along the road at a speed of at least 20 miles an hour. The car dashed straight into the man, but, instead of knocking him senseless, picked him up and carried him ten or fifteen yards until the car stopped. I ran forward, and when I reached the man he was sitting in the apparatus laughing, without a single scratch."

"The only persons near, besides those interested in the demonstration, were two women, who screamed when they saw the man hit. Their surprise when they saw him released from the automatic fender and laughing at the incident may be imagined."

"DEAD" WOMAN IS REVIVED

Mabel Allen, Who Disappeared at the World's Fair in Chicago, is Now an Heiress.

Boston.—Miss Mabel E. Allen of Brookline, who has been legally dead for more than seventeen years, was restored to life by the law in the probate court and incidentally came into some property.

In 1895, when the courts attempted to divide the award of the French spoliation claims allowed to the descendants of Jonathan Merry, an old-time Boston merchant, relatives of Miss Allen declared she had not been seen since the world's fair at Chicago, when she was in the last stages of consumption. The woman was accordingly declared legally dead.

Miss Allen later accidentally learned of the situation and sought her share of the award. Today the decree of 1895 was revoked and she will get about \$2,000.

FORM BIRD BANDING SOCIETY

American Association Plans to Determine Where and How Far They Fly.

New York.—The American Bird Banding association has just been organized here for the purpose of tracing identification bands on wild birds. This is said to be the only practical and reliable method by which ornithologists can study bird movements and tell where and how far they fly. In the majority of the cases aluminum bands will be placed on legs of young birds unable to fly found in nests. The bands will not injure or impede the birds' progress. On each band will be the words "Notify American museum, New York."

The Daughter of David Kerr

By HARRY KING TOOTLE

THE boss of a provincial town keeps his daughter away at school in ignorance of his doubtful civic status. She comes home unexpectedly when a packing company wants a dishonest franchise, and when an independent newspaper editor threatens the boss's supremacy. How the boss is beaten, and the independent editor wins the daughter form as graphic a story of modern politics and society as has been written.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring color of the hair. Our grandmothers kept their hair dark, glossy and abundant by the use of a simple "Sage Tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial results.

Nowadays we don't have to resort to the old-time tiresome method of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves; and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing Sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation gives youthful color and beauty to the hair, and is one of the best remedies you can use for dandruff, dry, feverish, itching scalp, and falling hair. Get a fifty-cent bottle from your druggist today, and you will be surprised at the quick results. All druggists sell it, under guarantee that the money will be returned if the remedy is not exactly as represented. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

Today's Tulsa World has a cut of Prof. L. O. Wilson of the Ada Normal, together with a few words of acknowledgement for his part in helping to name Tulsa as the next meeting place of the state teachers' association. However, an error was made by swapping his name for the one belonging under another cut.

John R. Wayne, who recently moved from Ada to his farm near Muskogee, was in the city today. Mr. Wayne says that he has 340 acres in cultivation and is growing the finest crop in that section. He believes in diversification and has a large acreage of everything except cotton, ternoos from his trip to Coffeyville.

Wm. Bauhaus, one of Pontotoc county's most progressive farmers, informs the News that his crop looks splendid, although a shower any time during the next few days would help it greatly. He has two acres of potatoes almost ready to harvest, and also has 30 head of hogs in his pasture. He expects to increase this bunch to 100 head and raise sufficient corn for the entire lot. During the summer when farm work is slack, he expects to spend some little time fertilizing his place.

C. AND C. ASSOCIATION WILL MEET FRIDAY.

The Civic and Cemetery Association will meet with Mrs. Wetherington Wetherington Friday evening at 7:30.

JACKSON BROS.

FRANK AND DAVE

JACK JOHNSON

FOUND GUILTY

Chicago, Ill., May 14—Jack Johnson, champion heavyweight fighter, tonight was found guilty of violating the federal white slave law in transporting Bells Schrieber from Pittsburgh to Chicago in 1910. He was convicted on all seven counts in the indictment. The jury returned its verdict after an hours consideration.

The maximum penalty under the finding is five years imprisonment of \$10,000 fine, or both. A motion of Assistant District Attorney Parkin that Johnson be ordered confined in the county jail was overruled by Judge Carpenter and the negro was released on bond of \$10,000. A motion for a new trial was filed at once and arguments on the motion were set for May 19.

Four ballots were taken by the jury tonight, the first being four for acquittal and eight for conviction.

Two counts of the indictment were dismissed yesterday at the request of Judge Carpenter, who declared that no good purpose could be served by airing unnecessary details of the relations of Johnson and the white woman.

ADA ELKS WILL

PLAY HICKORY

Monday afternoon Ada Elks will play a game of ball with the Hickory team on the normal diamond. The local boys have been doing some good work in the way of practice and it may be reasonably expected that in this game they will retrieve some of the bad luck that has been their portion for a part of the season.

OUR NEW SERIAL STORY

Attention is called to the announcement of the new serial story that the News has secured for its readers. The opening chapter will appear in a few days and is a story that will be of absorbing interest to all readers, great or small.

"Retribution" is the title suggesting the truth of the scriptures which says that a man must reap as he sows. This is also the title of a picture at the DeSota this evening which well illustrates the point. "The Ways of Fate" is a beautiful Flying A.

Don Cameron 80 Years Old

Middletown, Pa., May 14 — Don Cameron, for many years a prominent figure in the politics of Pennsylvania and the nation, attained his eightieth birthday today. Mr. Cameron was born in Middletown in 1833 and has always made his home here. In 1876 he was appointed Secretary of War by President Grant. A year later he resigned his place in the cabinet to take office as United States senator from Pennsylvania. He remained in the senate for twenty years. Since his retirement from public life in 1897 he has devoted his attention to his large business and financial interests in this section.

NORMAL NOTES

By MOIKE CASSIDY

The next thing the line of student activities is the huge Negro Minstrel to be presented by the Normal comedians and musicians next Tuesday night. This is something new in the line of entertainments given by the Normal entertainers but promises to eclipse anything ever given to date, so far as number of performers or quality of entertainment is concerned. More than 60 persons will take part and have spent many weeks bringing up their parts. Mr. and Mrs. Fentem have charge of the training of the participants and this insures a first class performance. Among the eminent comedians are Wilbanks, Hardin, Cassidy and Biles. Longley Fentem will occupy the interlocutors station. Other fun-makers are Jones, Brooks, Robison, Brown, Reed, Logsdon, Chaney, Kimbrough and Riddle.

Further announcement will be made later concerning the musical and other features of this enterprising troupe.

Bryan to Speak in New York

New York, May 14—Secretary of State Bryan is coming to New York tomorrow to speak at the second annual banquet of the Pan-American Society of the United States. The invitation of the society to Secretary Bryan to be its chief guest of honor was extended some time ago by Director General John Barrett of the Pan-American Union, and Henry White, president of the society. The banquet was to have been given the latter part of April, but was postponed until tomorrow night because of Mr. Bryan's trip to California.

It is expected that Mr. Bryan will, in his address, give further public instructions of the policy of the State Department in regard to the Latin-American republics, as the occasion of the banquet will be his first visit to New York since his appointment as Secretary of State.

The Pan-American Society of the United States was organized a little more than a year ago, with headquarters in this city. Its membership includes representative men from all over the country interested in Pan-American affairs. The president is Henry White, former ambassador to France, and chairman of the United States Delegation to the fourth Pan-American conference in Buenos Ayres. The other officials include Lloyd C. Griscom, former ambassador to Brazil and Italy; George Cabot Ward, former secretary of Porto Rico, and John Barrett, director general of the Pan-American Union.

Among the well known members are Andrew Carnegie, Perry Belmont, John Wanamaker, Henry Taft, Robert Bacon, Charles M. Schwab, Elihu Root, Melville Stone, Dr. Albert Shaw, Gifford Pinchot, Frank Vanderlip, Cleveland Dodge, Lewis Nixon and John Bassett Moore.

NEW CODE OF SCHOOL LAWS ADOPTED

Oklahoma City, May 14—Acting upon the recommendation of Supt. Wilson, the legislature has passed the bill adopting a new code of laws for the government of the common schools of Oklahoma. This is the first time the school laws have been written since 1893, just twenty years ago. Among the important changes made are the following:

It prescribes a form for the oath of office of board members.

It makes the county treasurer the custodian of the school district funds which will prevent the discounting of teachers salary warrants and save the teachers of the state a half million dollars a year.

Incorporated towns having a four year high school accredited with the state university will be governed by the same law as cities of the first class.

It gives the superintendent jurisdiction annexing territory to cities of the first class.

It authorizes the election of a city superintendent for a term of years not to exceed three.

County normals may be eliminated and teachers' training courses substituted and teachers employed in the state schools may be assigned by the county superintendent to work in county normals of training courses without expense to the counties.

It increases the qualifications for teachers certificates and fixes the age limit at eighteen years instead of sixteen. After 1916 all teachers will be required to have academic or professional training. The academic training may be secured in an approved high school and the professional training is to be secured in one of the state normal schools, the state university or the A. & M. college.

The examination period will be

three days instead of two days, and algebra, American literature, general history and elementary history is added to the requirements for first grade certificates.

Practically all the 32 recommendations made by Supt. Wilson have been incorporated into the code. Some of the changes, however, were not recommended by him. The law will not go into effect until January 1, 1914. As soon as possible the law will be printed and distributed among the teachers, school officers and superintendents of the state, providing the bill is signed by the Governor.

NOT ONLY IN ADA

Similar Cases Occur Daily in This Vicinity.

Not only here in Ada but in our neighboring towns, the same good story is heard. An encouraging instance from Holdenville is given here, and will be read by us with great interest.

E. M. Allen, carpenter, Tenth and Cedar Sts., Holdenville, Okla., says: "I had all kinds of aches and pains, caused by disordered kidneys. My joints were so stiff that I could hardly move. I had a dull, heavy ache over my kidneys which clung to me day and night and rheumatic pains darted through my body. The kidney secretions were disordered and passed with a burning sensation. I used various kidney medicines, but Doan's Kidney Pills were the first remedy that gave me relief. I improved rapidly and on continuing their use I was soon well. I am pleased to confirm my former testimonial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SEEKS LOST NIECE

New York Millionaire Offers Fortune in Search.

Miss Marian Ege, Relative of Wealthy Manufacturer, Disappears After Telling Uncle of Being Followed By a Strange Man.

New York.—With a declaration by Jacob Doll, millionaire manufacturer, that he will spend an unlimited amount of money to recover his fifteen-year-old niece, Marian Ege, who disappeared while walking near her home, police of New York and a score of private detective agencies began an exhaustive search of New York and neighboring cities for the missing heiress.

Following the girl's disappearance, the police began a quiet search, but were unable to unearth a single clue except that the girl had spoken to a friend of being followed on the street by a strange middle-aged man.

After two days of fruitless efforts by the New York police, Mr. Doll ordered into the search a number of private detectives and made the statement that he believes that his niece had been kidnapped.

The statements of Miss Ege's friend that the young woman had told her of being followed have been corroborated by Mr. Doll. The aged millionaire said that on numerous occasions reaching back over a period of several months his niece had remarked to him that a middle-aged man, whom the young woman could only hazily describe, had followed her while walking in the neighborhood of her home, and on one occasion had attempted to attract her attention.

Since the search was taken up Mr. Doll has kept in touch almost constantly with the police. As the search continues and no tangible trace of what has become of the young woman is discovered, the aged millionaire reiterates his determination that every power that can be controlled by his vast fortune will be turned toward finding the girl.

The police have carefully questioned many of the young woman's friends, but so far none has been able to give a hint that promises to clear up the mystery of Miss Ege's disappearance. Several possible explanations are being entertained by the police and every angle is being investigated.

It is thought that Miss Ege may have been taken ill and that she now lies, with her identity unknown, in some New York hospital. Friends of the young woman's family in neighboring cities are being communicated with in the hope of ascertaining if Miss Ege, without knowledge of her own family, had gone to visit them.

The main energies of the search, however, are centered on learning the worth of the clue offered by the young woman's previous statements that she had been followed by a stranger.

It is well known that Miss Ege was a favorite niece of her wealthy uncle, and it is hinted by police officials at work on the case that the young woman is being held for ransom by some individual or gang in New York City.

OLD MANTEL FOR JOHN D., JR.

Son of Magnate to Have One a Hundred Years Old in Hallway of His Mansion.

New York.—A century old marble mantelpiece from one of the oldest colonial houses still standing in New York city is to be the feature of the entrance hall in the mansion which John D. Rockefeller, Jr., is building on West Fifty-fourth street. The mantel is of French workmanship and was brought to America by the Schermhorst, a noted New York family, to adorn their home overlooking the East river, near where the Rockefeller Institute for Medical Research now stands.

The house was later bought by Dewitt Clinton, then governor of New York state, and was been used as a day nursery since the Rockefellers acquired the property.

BUFFALO KILLS CAMERA MAN

French Court Sustains Widow's Claim for Compensation for Loss of Husband.

Paris.—An important point of law was settled this week when the widow of Paul Fiere, a photographer for cinematograph pictures, sued for compensation, her husband having been killed in Central Africa while taking pictures of big game shooting.

Fiere was sent to Africa a year ago, joined a German mission and went out shooting with Lieut. Graetz. While he was operating the camera Graetz was charged by a wounded buffalo, whereupon Fiere left the apparatus and went to the rescue of the officer, again wounding the buffalo, which then trampled him to death.

The widow was awarded an annual income of \$124 for herself and \$216 for her three children.

\$15,720 Is Paid for Bull.
London.—For a shorthorn bull which he bought in the spring for \$680, George Campbell of Bieldside, near Aberdeen, has secured \$15,720 at a sale in Buenos Ayres. Mr. Campbell, who exports shorthorns to the Argentine, obtained an average of \$4,880 for eight bulls.

Made from Pure Grape Cream of Tartar.

HOW THE LADIES

IMPROVED CADDO

The following paper was written by Mrs. Verne Warple of Caddo, formerly Miss Essie Bell of Ada, for the district convention of the Federated Clubs which was held at Atoka recently. The Caddo Civic and Cemetery Association has accomplished so much that one of the eastern magazines last month contained cuts of Caddo and an article on the work the ladies had done:

The Civic and Cemetery Association of Caddo was organized in 1905 by six public spirited women who had long realized the need of such an organization. The club has had a long and severe struggle for existence, but stands today, a monument to perseverance and civic duty. The membership has increased from 6 to 36, every one of whom is a conscientious and enthusiastic worker. Today the club is recognized as the leading organization of its character in the city, in fact is the leading club of the city. Of its trials, tribulations and adversity volumes could be written, but through it all the ladies have struggled to a consummation of hope, never dreamed of in the organization, and stands today a permanent body dedicated to the civic welfare of our homes and firesides.

The original purpose of the club was the care and scenic improvement of the Caddo Cemetery. This had long been an eye sore and a shame to the public spirited. It was a veritable burying ground, and could not be dignified by the name grave yard much less be called a cemetery. Weeds, briars, under brush, scattered haphazard, willy nilly, cattle roaming over the grounds, general decay and neglect, combined to desecrate the resting place of our loved ones. These and other conditions inspired six brave women to consecrate their time and money to the amelioration of such conditions. A survey was made, lots were laid off, trees were planted, walks were built, driveways graded and fences erected. The whole ground was seeded in Bermuda grass, and after much trouble and long waiting the city installed water works and pipes were laid on the cemetery. A beautiful chapel was last year dedicated on Mothers day. This final piece of work is of Doric design and is large and commodious, with comfortable seats and serves as a resting place for the friends and relatives of the departed who come to pay their last respects to the dead. A church organ has been placed in the building, and funeral services are held here, making it a spot dear to the hearts of all who contributed to the silent city. This final piece of work is a monument to the zeal and determination of the immortal six who started this good work. Today we have the finest and most beautiful cemetery in Southern Oklahoma.

Graded driveways, graveled walks, well kept trees, concrete curbing and soft smooth, mown lawn, combine to make it a hallowed spot, set aside for the abiding place of the dead and gone. Plans are under way to place an ornamental iron fence around the entire ground, during the present year.

Since the organization of this body other things have been undertaken and consummated. The field of endeavor has been broadened to include Civic Improvement and Charity. For the convenience of the club, it is divided into different departments or committees. The Executive, Charity, Civic Improvement, Educational and Chapel committees, having jurisdiction over and supervision of the work pertaining to their departments.

The Executive committee has direct supervision of the entire working body and the departments of the club. On this committee devolves the task of securing means to promote the improvements planned and suggested by the other committees,

and the control and expenditures of the same.

The Charity committee has direct supervision of the charity work of the club. The business men of the town are heavy contributors to this work, and through this committee's aid, much good has been accomplished for the poor and needy. Christmas dinners and Christmas candies are distributed annually. In fact it is safe to say that no one suffers in our midst for the necessities of life, all because of the operations of this committee.

The Civic improvement committee is managed by two separate committees. The Health committee and the City Beautiful committee. The Health committee has placed garbage cans over the town, and assists the city health officers in their work. To this committee's work can be attributed in a large measure the successful issuance of twenty-five thousand dollars in bonds for sewer and drainage system for Caddo. They have purchased a vacuum cleaner which has been paid for by the renting to the several members of the club. They have established closing hours for delivery wagons, and clean up days when the city government assists in carting the refuse to the dumping ground. The City Beautiful committee has supervision of the work of making the streets and homes more attractive. A park has been laid off near the Katy station and extensive work has been started. A gardner has been employed to supervise this work. Concrete curbing is being placed, beautiful flowers and shrubs and grasses planted, and a sun dial erected. We hope to make this as beautiful spot as the cemetery. This committee has the work of the decorations for the Caddo Corn Carnival held in August of every year.

Educational department is working in co-operation with the city schools. (Concluded tomorrow.)

E. J. Merritt was in from Fitzhugh this morning. He reported the finest possible crop prospects in that section. Wheat and oats are unusually fine, and both corn and cotton are as well advanced as is common at this time of year. Very few had to plant cotton over.

Do not worry over lost articles—A NEWS WANT AD will find them.

DRUGGIST RECOMMENDS

Vinol for Run-Down People

If any one person should know the value of medicines it is the druggist who dispenses them and from our experience we want to say if people in this vicinity only knew the value of Vinol, our delicious cod liver and iron tonic (without oil) at this season of the year, we would not be able to supply the demand.

This is because Vinol is a combination of the two most world famed tonics, namely, the medicinal curative elements of cods' livers without the oil, and iron for the blood.

Vinol tones up the digestive organs, purifies and enriches the blood, promotes healthful sleep and a normal appetite.

Old people, delicate children, run-down, overworked and tired women, should try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Gwin & Mays Drug Company, Ada, Okla.

P. S. For pimples and blotches try our Saxo Saver. We guarantee it.

Georgia Knights Templar

Columbus, Ga., May 14—The Grand Commandary of Georgia, Knights Templar, opened its annual convocation here today and Templars from all sections of the state are in attendance. An interesting program has been arranged for the two days of the convocation. Many of the knights are accompanied by their ladies and they will be royally entertained.
